

LIVE *Big* IN MONTANA!

Montana Pharmacy Association

WINTER CE + SKI MEETING

JANUARY 10-12, 2014 BIG SKY, MONTANA

PROGRAM OVERVIEW

The 2014 Winter Continuing Education Conference, held in beautiful Big Sky, will offer a total of 15 CE hours for pharmacists attending all 3 meeting days. The program sessions will include topics relevant to various pharmacy practice settings including hospital, ambulatory care, and community. Clinical experts will speak on topics including Hepatitis C, heart failure, multiple myeloma, herpes zoster, adult vaccinations and antimicrobial stewardship. Additionally, updates on the MPA health-systems academy, the pharmacist's role in transitions of care, and compliance strategies to reduce fraud, waste and abuse will be presented. The conference will conclude with a review of state and national issues affecting the profession of pharmacy.

Each year generous participants sponsor students and technicians to attend this educational and networking opportunity. To provide a donation for others to participate in the Winter CE meeting, please indicate your preference on the registration form.

Enjoy skiing at the world-renowned Big Sky Resort or take advantage of the many other local activities while sharpening practice skills, enhancing business strategies, networking, and connecting with friends.

Presented in collaboration with:

The University of
Montana

Skaggs School of Pharmacy

Skaggs School of Pharmacy at The University of Montana is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This knowledge-based program is targeted to pharmacists. Activities listed in this announcement have been approved for ACPE continuing education credit as indicated. Individual activity descriptions include the amount of credit offered and the Universal Activity Numbers. Statements of credit will be submitted to CPE Monitor within three weeks, upon successful completion of the verification of continuing education signature sheet and program evaluation form.

NOTE – Disclosure of Potential Conflicts of Interest: Skaggs School of Pharmacy at The University of Montana did not receive payment or services from a third party for any aspect of this activity and has no relationships (financial or other) with entities or activities that could be perceived to influence or that give the appearance of potentially influencing any portion of this activity.

NEW REQUIREMENT FOR CE PARTICIPANTS CPE MONITOR: DO YOU HAVE YOUR NABP EPROFILE ID NUMBER?

Have you set up your NABP e-Profile and registered for the CPE Monitor™ service to ensure your ACPE-accredited CPE units are properly tracked for licensure? Visit MyCPEmonitor.net and create a profile. https://store.nabp.net/OA_HTML/xxnabpipeGblLogin.jsp

WHAT IS CPE MONITOR?

A national collaborative effort between the National Association of Boards of Pharmacy® (NABP®), the Accreditation Council for Pharmacy Education (ACPE), and accredited continuing pharmacy education (CPE) providers, the CPE Monitor service will allow you to easily track your ACPE-accredited CPE units electronically.

Many ACPE-accredited CPE providers are now requiring pharmacists and technicians to submit their NABP e-Profile ID, plus their date of birth (MMDD), to receive credit for completed CPE. Participation data will be sent electronically from the provider to ACPE, then to NABP for recording into the matching e-Profile. To ensure that CPE data is accurately recorded and matched to the correct e-Profile, it is important that licensees provide the correct e-Profile ID and date of birth to the CPE provider.
