LIVE *Big* IN MONTANA!

Montana Pharmacy Association WINTER CE + SKI MEETING

JANUARY 9-11, 2015 BIG SKY, MONTANA

PROGRAM OVERVIEW

The 2015 Winter Continuing Education (CE) Conference, held at the beautiful Big Sky Resort, will offer a total of 15 CE hours for pharmacists and technicians attending all 3 meeting days. The program sessions will include topics relevant to various pharmacy practices setting including hospital, ambulatory care, and community. Clinical experts will speak on topics including pharmacist provider status, infectious diseases, acute and chronic pain management, hypertension and lipid management, reversal of new anticoagulants, and the pharmacist's role in prescription drug abuse. Additionally, the conference will include updates on the MPA Health-Systems Academy and a review of state and national issues affecting the pharmacy profession.

Each year, generous participants sponsor students and technicians to attend this educational and networking opportunity. To provide a donation for others to participate in the Winter CE meeting, please indicate your preference on the registration form.

Enjoy the slopes at the world-renowned Big Sky Resort or take advantage of the many other local activities while sharpening practice skills, enhancing business strategies, networking, and connecting with colleagues.

Presented in collaboration with:

The University of
Montana

Skaggs School of Pharmacy

GOALS & OBJECTIVES

RECOGNIZING PHARMACISTS AS PROVIDERS, FILLING AN UNMET PATIENT NEED

Joseph Hill, MA; Governmental Affairs, ASHP; Bethesda, MD

OBJECTIVES: At the conclusion of the presentation, participants should be able to:

1. Describe HR 4190 and its intent as well as describe how it will impact pharmacy.
2. Discuss the Patient Access to Pharmacists Care Coalition and who comprises it.
3. Explain the coalition's efforts to secure provider status and seek support for HR 4190.

PETS ARE PEOPLE TOO: INTERSPECIES MEDICATIONS

Cristina DuVall, PharmD; Friday Harbor Drug; Friday Harbor, WA

OBJECTIVES: At the conclusion of the presentation, participants should be able to:

1. Compare basic anatomical features between humans and common domesticated animals.
2. List medications frequently prescribed for multiple species.
3. Describe medication administration techniques for various creatures.

A POSITIVE PPD – WHAT NOW? THE ROLE OF PHARMACISTS IN LATENT TB INFECTION

Donna Beall, PharmD, BCPS, FCCP; UM Skaggs School of Pharmacy; Missoula, MT

OBJECTIVES: At the conclusion of the presentation, participants should be able to:

1. List who should be screened for latent tuberculosis infection (LTBI).
2. Discuss methods to optimize adherence to LTBI medication.
3. Articulate the potential role of a pharmacist in managing LTBI.

RECENTLY APPROVED DRUGS FOR INFECTIOUS DISEASE

Jennifer Ott, PharmD, BCPS; Billings Clinic; Billings, MT

OBJECTIVES: At the conclusion of the presentation, pharmacists should be able to:

1. Explain the antibiotic pipeline.
2. Discuss the clinical indications, pharmacokinetics, spectrums of activity, and adverse effects associated with the new antimicrobial agents.
3. Describe the clinical trial data associated with tedizolid, dalbavancin, oritavancin and ceftolozane/tazobactam.
4. Identify the place in therapy for each of the new antimicrobial agents.

OBJECTIVES FOR TECHNICIANS: At the conclusion of the presentation, pharmacy technicians should be able to:

1. Explain the antibiotic pipeline.
2. List the newly approved antibiotics and describe what antibiotic class they belong to.

HIV/HCV UPDATE 2015

Christian Ramers, MD, MPH; Family Health Centers of San Diego; San Diego, CA

OBJECTIVES: At the conclusion of the presentation, participants should be able to:

1. Identify recent changes in DHHS guidelines expanding the use of integrase inhibitors in the treatment of HIV infection.
2. Describe the remarkable improvement in efficacy and tolerability of HCV treatment regimens.
3. List important considerations in identifying HCV treatment candidates.
4. Discuss practical aspects of successfully obtaining current therapies.

SAILING THE SEAS OF NOCICEPTION: FROM ACUTE TO PERSISTENT PAIN AND BACK AGAIN

Brittney Hobbs, PharmD, BCPS; St. Patrick Hospital; Missoula, MT

Lee Stringer, PharmD, BCPS, CPE, FASCP; Tuscon, AZ

OBJECTIVES: At the conclusion of the presentation, participants should be able to:

1. Recall definitions related to acute pain, persistent pain, and addiction.
2. Describe the tools and questions available to utilize while assessing your patient for acute pain.
3. Describe the challenges of treating acute pain in patients receiving chronic opioid therapy.

BRINGING BLOOD PRESSURE DOWN: COMMUNITY PHARMACY TEAMS UP

Katherine Hale, PharmD, BCPS; UM Skaggs School of Pharmacy; Missoula, MT

OBJECTIVES: At the conclusion of the presentation, participants should be able to:

1. Describe the role of the community pharmacist in the prevention, education, and management of hypertension.
2. Discuss the results of the Montana Team Up, Pressure Down Community Pharmacy project.
3. Discuss the implementation and results of community-based hypertension self-management education programs.

LIPID MANAGEMENT GUIDELINES

Donald Brown, PharmD, BCACP, CPP; Billings Clinic; Billings, MT

Objectives: At the conclusion of the presentation, participants should be able to:

1. List current medications available for cholesterol lowering, including some herbal products.
2. Discuss the new guidelines and controversy associated with them.
3. Discuss how these guidelines may or may not affect quality measures.

KEEPING THE BALL ROLLING: MONTANA PHARMACY ASSOCIATION HEALTH-SYSTEMS ACADEMY UPDATE

Melanie Townsend, PharmD, BCPS; Billings Clinic; Billings, MT

OBJECTIVES: At the conclusion of the presentation, participants should be able to:

1. List 2 or more strategic goals for the Academy in 2014 – 2015.
2. Discuss the benefits of affiliation between the Academy and ASHP.
3. Describe avenues for involvement within the Academy.

EMERGENT REVERSAL OF ANTICOAGULATION

Jeannie Swain, PharmD; St. Patrick Hospital; Missoula, MT

OBJECTIVES: At the conclusion of the presentation, participants should be able to:

1. Review common anticoagulation agents & their mechanisms of action.
2. Describe circumstances that necessitate emergent reversal of anticoagulants.
3. Explain current agents available to reverse anticoagulation & their mechanism of action.

A NATIONAL PERSPECTIVE: FEDERAL POLICY AFFECTING PHARMACISTS

Linda Garrelts MacLean, BS Pharm, CDE, APhA, Washington State University

OBJECTIVES: At the conclusion of the presentation, participants should be able to:

1. Identify various efforts underway to help curtail prescription drug abuse, misuse and diversion.
2. List the recent Drug Enforcement Administration actions related to controlled substances and prescription drug take back.
3. Describe the impact of recent federal legislation and regulation on pharmacy practice.

CURRENT LAW AND PRACTICE ISSUES IN THE STATE & NATION

Stuart Doggett, Executive Director; MPA; Helena, MT
Tony King, PharmD, Chair & Chair Legislative/Policy Committee; MPA; Helena, MT

OBJECTIVES: At the conclusion of the presentation, participants should be able to:

1. List two legislative initiatives MPA will seek to pass during the 2015 legislature.
2. Identify one recent change to Administrative Rule passed by the Montana Board of Pharmacy.
3. Identify one primary federal initiative being worked on by national pharmacy representatives.
